2. at

3. cat

4. hat

5. has

6. and

1.

2.

3.

4.

5.

6.

Parent Note: Ask your child to write the spelling words correctly on the blank lines.

In these first units, your child will refine the readiness skills that are necessary for spelling and writing. Your child will practice recognizing rhyming words and consonant

letters and sounds in their initial and final positions in words. With the word lists there will be some simple but enjoyable activities that you and your child can do at home to reinforce these skills. We hope that you will have fun doing these activities together.
