5. yes

6. leg

1.

2.

3.

4.

5.

6.

Parent Note: Ask your child to write the spelling words correctly on the blank lines.

You can help your child recognize letter names by saying three letters, such as o, b, x, and asking him or her to repeat them in the same order. The number of letters that

you say may be increased as your child becomes adept at listening and repeating. To vary the game, say several letters and ask your child to name or write the first, last, or middle letter.
