Spelling Connections Grade 1

For a child, reading is an important part of learning to write. Read stories or other things to your child that are of interest to him or her. Allow him or her to look at the page as

you read. Encourage him or her to point out any words that he or she has already learned. Have your child read appropriate grade level books out loud to you.

Here is an activity that you can do with your child to practice words in this week's Review Unit.

▶ Read Me a Story

Ask your child to draw an illustration of the words in these lists that refer to objects, such as gate and lake. Ask him or her to write the word on his or her drawing. Next, ask him or her to create a sentence about his or her drawing using other words in the lists on this page. Help him or her write the sentence on the back of the drawing.
