5. pole

6. rode

1.

2.

3.

4.

5.

6.

Parent Note: Ask your child to write the spelling words correctly on the blank lines.

Have your child read and spell each word on the spelling list. Ask him or her to tell you what each of the words means. Then use a children's dictionary to look up the

words and read the definitions to your child. Compare them with your child's definitions. Are they the same or similar? Then ask your child to give the definitions again to see how much he or she remembers from the dictionary definition.
