Spelling Connections Grade 1

When your child is successful in learning words and writing sentences or paragraphs, share his or her language development with other family members. Display the exercises and

have your child read them to family members. The praise and encouragement you give your child will be very important in the polishing of his or her language skills.

Here is an activity that you can do with your child to practice words in this week's Review Unit.

- ▶ **Taking Dictation** Say the spelling words out loud and have your child write them on a sheet of paper. Check the words and then give your child time to study those that are misspelled. Repeat the activity, calling out only the misspelled words. Continue until your child spells all the words correctly.
