Parent Note: Ask your child to write the spelling words correctly on the blank lines.

Write each of the words on this list, but leave off the th. For example: ___at (that); ba___ (bath). Then have your child write in the th on each blank and pronounce the

word. Ask your child to tell you a short story using all the words on the spelling list. Help your child write down the story, illustrate it, and share it with other members of the family.
