Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Inventions Wanted
To set the stage for this creative writing activity, have your child imagine that he or she can invent something that will improve the lives of people all over the world. Have your child write a paragraph explaining what the invention is, what it looks like, what it does, and how it will make life better. Finally, encourage your child to give the invention a name.
