

Name _____

Home Spelling

Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Color a Word Ask your child to use markers to color the words on this list that have the same letters as part of their spelling. For example, color words with "ual" red, words with "ea" blue, etc. Count how many words there are of each color and prepare a chart showing the number of words of each color in the list. Ask your child: Are all the words that have the same letters pronounced the same?
