Assessment  
and Review

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

**Crossing Words**  
Explain to your child that a crossword puzzle consists of words that share letters and can be written in such a way as to "cross" each other. For example:

```

h
a s k
n
d
  
```

After your child has used all the spelling words to make "crossed words," let him or her explore creating a larger crossword puzzle using the spelling words on this list.
