Number Words

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Look What I've Made! Children love to create and invent things. Empty boxes, paper-towel tubes, paper cups, and scraps of colored paper have endless possibilities to a child. As your child uses these materials to create pictures and objects, encourage him or her to write about what they are, how they are made, and what they can do. A creative imagination is a sign of a lively mind!
