Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Describe It

Describing things in detail makes it easier for listeners or readers to "see" what we are talking or writing about. Use this game to help your child practice describing.

Choose any object (or person) in the house and, without naming it, describe it for your child. Have your child listen carefully to the description and try to guess what or who you are describing. Then have your child write descriptions of three other things or people in your house and read the descriptions to you so that you can guess their identities.
