Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Type-a-Word Most children enjoy typing on a real or play typewriter or on a computer keyboard. This can lead to especially valuable spelling practice since searching for and striking each letter key focuses attention on the order of letters in a word. Pronounce each word and have your child type it. Another time, have your child type the list of spelling words. Check the spellings of the words with your child.
