Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Short and Sweet Summarizing is an important skill that your child uses every day without realizing it. Explain that every time he or she tells you about his or her day or about anything he or she has seen, heard, or done, your child is summarizing by telling the important parts in a logical order, leaving out the details that he or she does not think are as important.

Have your child practice summarizing by explaining the plot of his or her favorite book, television show, movie, or story in one paragraph.
