Home Spelling

Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Better and Better
Fold a sheet of paper to make 3 columns. Dictate these spelling words to your child and have him or her write the words in the first column. Check the spelling with your child. In the second column, have him or her write the words misspelled in column one. Repeat for column three. Have your child write the words missed in column three five times each. Then test all the words once more.

Endings: -en, -ize

- | | |
