

Name _____

Home Spelling
Practice

Dear Family,
During these first lessons, your child will learn to spell words that have long and short vowel sounds. Encourage your child to listen carefully for the vowel sound in each spelling word and then to apply the spelling generalization for that sound. Lists of the spelling words will be provided to you regularly. Do the activities on these pages at home to reinforce the correct spelling of these and similar words.

Ask your child to write the spelling words correctly on the blank lines. Encourage your child to write the spelling words each day.

Short e, Long e

- | | |
|---------------------|-----------|
