Practice

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

**Time Warp** It is always fun to imagine what life would be like in another period of time. Have your child choose a time in the past that he or she would like to visit and write a paragraph comparing that time with the present. This activity can be varied by having your child choose a time in the future to compare with the present or a time in the past to compare with a time in the future. The emphasis in this writing activity should be on comparing two things rather than on accuracy of detail. Encourage your child to use as many spelling words as possible.
