Silent Consonants

Dear Family,

Ask your child to write the spelling words correctly on the blank lines. As you work with your child to practice this week's spelling words, try the following activity.

Type-a-Word Have your child type or write the spelling words as you say them. After each word, have him or her type the letters that are the target skill of the unit. For example, after the word knob he or she should type the letter k because the target skill of the unit is silent letters.
