

Personalize These Postcards ...

Then **Send & Share!**

Use the template on the following page to print out Thanksgiving postcards that your students can decorate and share with classmates, family, and friends.

- Encourage each student to write a handwritten note on the reverse.
- Use markers, colored pencils, or crayons to add color to the designs. (Coloring helps work fine-motor skills!)
- Choose white construction paper or a heavier stock for copying or printing so the cards have some staying power.
- Use Avery postcard template 8387.

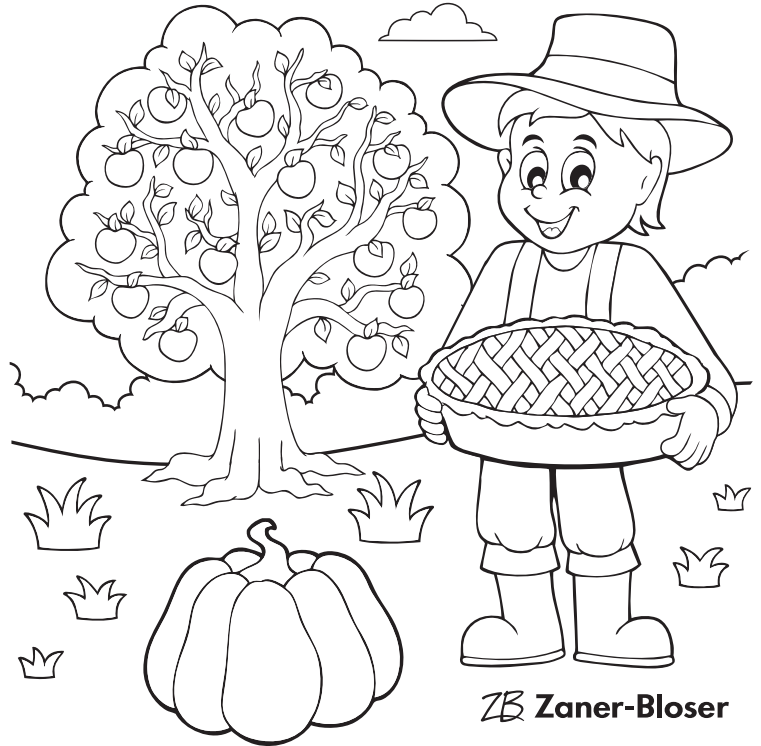

Be sure to return to zaner-bloser.com/texas throughout the year for new designs to celebrate upcoming holidays!

“Thanks” for being
my Friend
